Kitchen Design Training

Version 9.1

Get the inside scoop on using the powerful new tools of 20-20 Kitchen Design Version 9.1 and close more sales in less time.

Set up complex kitchens with ease, customize countertops and kicks, and configure stylish lighting, all with accurate reports and quotes. Create stunning presentations with photo-realistic renderings that will wow your customers. The small class size, hands-on environment, and opportunities to use real-life projects give you the edge in state-of-the-art kitchen design.

Day I – Introduction	Day II – Intermediate
• Overview and setup of Design work areas • Laying out rooms and modifying wall shapes • Adding cabinets, placing windows, doors & appliances • Adding hoods & accessories • Adding breakfast bars and islands • Adding countertops and moldings with auto design • Producing perspectives, elevations, top views & isometric drawings • Using Global Attributes • Saving files • Group items • Mirror items	• Stacking moldings, adding valance, soffit • Producing quotes • Modifying charges and rates • Adding recess lighting, wooden floors, walls, ceilings • Placing decorative items • Reconfiguring cabinets • Creating custom cabinets • Creating free shapes • Editing shape of countertops and moldings • Configuring lighting and sunlight • Managing project details • Setting up reports using your logo etc. • 20-20 as a sales tool and creating a presentation
